In-depth personalised counselling | Choose Your Stream

WORKING ADULT MAKING CAREER DECISIONS

-Explore your natural talents, traits, passions, purpose, values, goals to find the RIGHT CAREER FIT

-Gain clarity and confidence and identify new possibilities for a more fulfilling career

-Understand practical realities of the professional world and evaluate with your existing skill sets, personality, life style.

- Career development is the lifelong process of managing, learning, work, leisure and transitions in order to move towards a personally determined and evolving preferred future.
- The first step to solving a career problem is to bridge the gap between where you are and where you want to be
- Knowing what is important to you (your values), what you enjoy (your interests), what you do well (your skills) and actually knowing yourself will make it easier for you to make a career decision.
- Are you in a job/ have been in many jobs and things don't feel right?
- Switching careers/jobs is not a decision to be taken lightly as it can majorly change your long-term goals.
- Changing careers involve a lot of planning, introspection, effort

- Your reasons for career changes
 1. Unable to progress in your current role
 2. Skill set mismatch
 3. Current job doesn't fit into your lifestyle
 4. Current career is not fulfilling
 5. A less stressful environment
 6. To find and pursue a new passion
- We help you ask yourself honest questions to help you through the transformation in your professional life.
 1. I want to make a career change but don't know how
 2. I want to transition to something more fulfilling
 3. Do I need a new career or just a change of job/role?
 4. Should I be an entrepreneur, or should I stay in job?
- We help you ask thoughtful and analytical question and not let your decisions be based on emotions/feelings.
- We help you understand your innate abilities/strengths and the ones you can excel at.
- We help you find out what motivates you, drivers that will lead to a satisfying, fulfilling career.
- Am I a risk taker? Will I be better as an entrepreneur than being in the job? We address all these noises in your head. Working adult making career decisions -Explore your natural talents, traits, passions, purpose, values, goals to find the RIGHT CAREER FIT -Gain clarity and confidence and identify new possibilities for a more fulfilling career -Understand practical realities of the professional world and evaluate with your existing skill sets, personality, life style
- Life is too short to be unhappy at work.

To help you know who you are, what you like doing, what occupations are you likely to succeed in and be happy, your lifestyle choices, your inborn multiple intelligences and relative strengths of your brain lobes, we have two different options.
